

# Vötsch Temperature & Humidity Chamber C7-270/10

Experience precise and reliable environmental testing with the Vötsch C7-270/10 ESS, a high-performance climatic test chamber perfect for various industrial applications. This chamber is in excellent condition and fully functional, ready to meet diverse testing needs.

## Key Features:

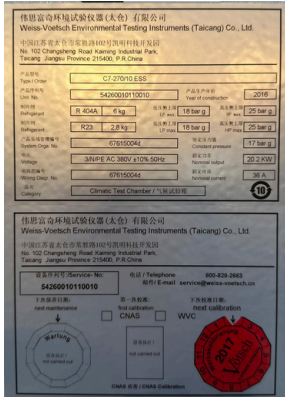

- Refrigerants: R404A (6kg), R23 (2.8kg)
- Voltage: 3/N/PE AC 380V +10%, 50Hz
- Pressure: LP Max 18 bar g | HP Max 25 bar g | Constant 17 bar g
- Performance: 20.2 kW output, 36A current

## Applications:

- Electronics: Thermal cycling and stress testing
- Automotive & Aerospace: Extreme condition simulations
- Renewables: Solar, battery reliability tests
- Pharma & Packaging: Stability and material evaluations

## Why Choose This Chamber?

- High Precision & Energy Efficiency
- Robust & Reliable Performance
- Advanced Refrigeration System
- Contact us now to enhance your testing capabilities with this premium Vötsch test chamber!

**Description of Goods:** Temperature and Humidity Chamber C7-270/10<sup>ESS</sup>  
**Unit No.:** 54260010110010

**Certificate of Quality**

**We guarantee**

- that the machines delivered are in conformity with the latest engineering technologies and that they meet applicable standards which exist in the Federal Republic of Germany for the relevant kind of equipment at the time of shipment.
- the first class quality of the materials used for the manufacture of the machines, their adequate processing and the expert assembly of the product.
- that the equipment supplied has been manufactured in full conformity with the description and the technical specification in accordance with the stipulations of this contract and that it has been tested for the operating conditions.
- that the equipment supplied and the technical documentation submitted are in keeping with the requirements agreed upon the contract.

With kindest regards,  
The Manufacturer  
Weiss-Vötsch Environmental Testing Instruments (Taicang) Co., Ltd.
